

## **New criteria for becoming an ISCCM examiner**

Applicants can use the criteria mentioned below to assess if they are eligible to become examiners for the various examinations conducted by ISCCM. They will have to satisfy all the criteria to first observe the conduct of the respective examination, following which they would be formally inducted as an examiner for the subsequent examinations.

- Should be a member of the ISCCM
- Have to be a recognized teacher for CTCCM, IDCCM or IFCCM

### **1) Criteria for becoming a CTCCM examiner**

- Should be a CTCCM/IDCCM teacher for at least 2 years
- At least 1 candidate should have passed CTCCM/IDCCM examinations in the previous 2 years from his/her institution

Eligible to observe the conduct of one CTCCM exam and then be formally inducted as an CTCCM examiner for the following examination.

### **2) Criteria for becoming an IDCCM examiner**

- Should be a CTCCM/IDCCM teacher for at least 3 years or a CTCCM examiner for at least 1 year
- At least 1 candidate should have passed either CTCCM/IDCCM examinations in the previous 3 years from his/her institution.

Eligible to observe the conduct of one IDCCM exam and then be formally inducted as an IDCCM examiner for the following examination.

### **3) Criteria for becoming an IFCCM examiner**

- Should be an IFCCM teacher for at least 2 years or an IDCCM examiner for more than 3 years
- Should hold either an IFCCM, FNB/DNB, DM, FCICM, AB or equivalent qualification from UK/ Canada in Critical Care Medicine.<sup>#</sup>
- At least 1 candidate should have passed the IFCCM examination in the previous 3 years from his/her institution.

Eligible to observe the conduct of one IFCCM exam and then be formally inducted as an IFCCM examiner for the following examination

*<sup>#</sup> Candidates who have not got IFCCM, FNB/DNB, DM, FCICM, AB or equivalent qualification from UK/ Canada in Critical Care Medicine will not be eligible to be an IFCCM examiner*

### **4) Criteria for selection of chief examiners**

CTCCM chief examiner-

- Should have been a CTCCM examiner for a minimum of 2 years
- Should have taken part in at least 4 CTCCM examinations.

IDCCM chief examiner-

- Should have been a IDCCM examiner for at least 2 years
