Day 1 • February 3, 2017 • Sushruta

08:00 - 09:50
PLENiARY SESSION 25 + 5 min
Chairpersons: Atul Kulkarni, Massimo Antonelli
Fluid resuscitation: how evidence informs decisions
John Myburgh
High Flow Oxygen therapy: an alternative to Noninvasive ventilation?
Massimo Antonelli
10:00 - 11:20
Critical care services: Value addition or white elephant?
Moh CNC
Understanding cost effectiveness analysis
Mauro Cecconi
11:10 - 12:20
Respiratory System
Chairpersons: Dr. Dhruv Chaudhry, Dr. Jyenghe Divalia
Dining in pressures in ARDS: Is it relevant?
S Prasna
13:30 - 14:45
Panelists: Prasad Rajahans, Deepak Govil, Sunil Karanth
14:15 - 15:25 Discussion Q/A
15:25 - 16:35
Chairpersons: Dr. N. Ramakrishnan, Subhash todi, Pradeep Rangappa
Quality
Chairpersons: Ramesh Ranga, Donald Chaffe
Panel ICU Syndrome
14:45 - 15:00
Quality indicators in ICU
Arvind Dongare
15:15 - 15:25 Discussion Q/A
15:25 - 16:35
Research/ Data Management
Chairpersons: Rahul Poonet, Fahad Kapadia
“How Big” for collaborative research - Current status in India
Abjij Upadhya
14:15 - 15:25
CTIRA
Srinam Sampath
Pitfalls to avoid during planning and conducting a Randomised controlled trial
Rajesh Pandit
16:10 - 16:25
How I write a research paper!
Fahad Kapadia
Discussion Q/A
16:25 - 16:35
Day 1 • February 3, 2017 • Madhava-kara

11:10 - 12:20
Economics of Intensive Care
Chairpersons: Dr. N. Ramakrishnan, Subhash Tod, Pradeep Panigape
Methods of cost-effectiveness analysis
Banarwal Ray
11:30 - 12:40
Severity of illness scoring as surrogate for costs
Pradeep Panigape
12:10 - 12:40
Ethical issues in resource allocation
Shiva Iyer
11:55 - 12:10
Attributable cost of a nosocomial infection
Prakash Shastri
12:10 - 12:20 Discussion Q/A
12:20 - 13:30
Ventilation
Improving patient ventilator interactions by giving control to the patients
Laurent Brochard
13:30 - 14:00
Management of Invasive Fungal Infections
Moderator: Dr. Prakash Shastri (CIPLA)
14:15 - 15:25
Pediatrics
Chairpersons: Anish Sachdeva, Pediatrician from Cochlin, Sunil Singli
14:15 - 14:30
Fluid balance: where are we going with fluids and electrolytes in the PICU
Andrew Argent
14:30 - 14:45
What really makes the difference to outcomes of severe sepsis? Is it respiratory failure that needs to be addressed
Niraj Vossen
14:45 - 15:00
How to form a good pediatric transport team
Pushpa Prasharwan
15:00 - 15:15
Approach to the patient with respiratory failure due to neuromuscular weakness
Soumi Udare
15:15 - 15:25
Discussion Q/A
15:25 - 16:35
Communication
Chairpersons: Prasad Raphan, Deepak Govil, Sunil Karanth
15:45 - 16:00
Informal consent in ICU: how, what, when?
Raj Rawal
14:30 - 14:45
Breaking bad news
RK Singh
15:00 - 15:15
Adverse event reporting: Shall we tell the patient's family?
Rajesh Shah
16:10 - 16:25
Is discharge against medical advice right thing to do?
Sunil Kumar Garg
Discussion Q/A
16:25 - 16:35
Day 2 • February 4, 2017 • Jivaka

12:10 - 15:00 Lunch – there will be no lunch break, please have lunch at your convenience

12:10 - 13:30 Lowering the MIC: Monotherapy vs Combination therapy? Dr. Shriva Dasgupta, Dr. Sushil Ramsharan
Moderator: Dr. Anjana Dutta

14:15 - 16:15 Oncology
Chairpersons: Arunkumar AS, Banambar Ray, B D Bande

14:15 - 16:40 Care of the neutropenic patient
Arunkumar Abhishekh

14:30 - 14:45 Should we refuse the cancer patient admission to the ICU
Cooke Sarah Karuna

14:50 - 15:00 Graft vs Host disease
Saumik Panja

15:00 - 15:15 Tumour lysis syndrome
Vardhana Ragupathi

15:15 - 15:25 Discussion Q/A

15:25 - 16:15 Free Papers

16:15 - 17:15 Neurocritical care and trauma in ICU
Chairpersons: Ramesh Venkatraman, Mathew Joseph, Sushil Ramsharan

16:25 - 16:40 Hyperosmolar Therapy in Neurocritical care: Myths and facts
B P Bondi

16:40 - 16:55 Is 1:1 approach to blood infusion in trauma correct?
Dr. Deepanjan

16:55 - 17:45 Damage control resuscitation
Anand Dongre

17:10 - 17:25 Subarachnoid hemorrhage in ICU
Manoj Singh

17:25 - 17:35 Discussion Q/A

Day 3 • February 5, 2017 • Charaka

08:00 - 09:20 Plenary session

08:00 - 08:25 Eliminating risk and promoting safety in the PICU
Andrew Argent

08:25 - 08:50 Pediatric Critical Care – Have we made progress?
Miran Kisan

08:50 - 09:15 Regaining quality of life in ICU survivors is possible, but at which costs?
Peter Sprook

09:15 - 09:50 Discussion Q/A

09:30 - 10:50 Evidence based medicine
Chairpersons: Rahul Pandit, Babu Abraham, Raj Rawal

09:30 - 09:50 Subgroup analysis of large randomised controlled trial: A boon or bane?
Jo Peter

09:50 - 10:10 Evaluating clinical trials for clinical practice; Art as well as science
Ram Rajagopalan

10:10 - 10:30 How have NICE changed the practice of critical care in the last decade?
Sriram Sampath

10:30 - 10:50 Novel trial designs or the ideal randomised control trial?
Sumit Ray

11:10 - 12:20 Cardiac critical care
Chairpersons: Dinesh Kumar Singh, D P Samaddar, Joo Jinn

11:10 - 11:25 Stress cardiomyopathy
Dr. Yatin Mehta

11:25 - 11:40 Is IAP still relevant anymore?
Kamal Bhutada

11:40 - 11:55 Does EVLWI help in decision making in ARDS?
Mauro Cecconi

11:55 - 12:10 In recurrent ARDS what would I choose: PG or upfront CABG?
Pradip Dahi

12:10 - 12:20 Discussion Q/A

13:20 - 13:30 Quiz Final

13:30 onwards Lunch

Day 3 • February 5, 2017 • Sushruta

09:30 - 10:50 Pediatrics
Chairpersons: Andrew Argent, Banariz Poddar, Anil Sachdeva

09:30 - 09:50 Key variables in ARDS ventilation
Krishan Chugh

09:50 - 10:10 Dopamine vs epinephrine as first line in pediatric septic shock
Jasleen K M

10:10 - 10:30 Antibiotic resistance – a global threat
Banariz Poddar

10:30 - 10:50 Acute liver failure: role of intensivist peri-transplantation
Rajagopalan Pillai

11:10 - 11:20 Obstetric Critical Care
Chairpersons: Uday Kamat, Sunil Pandya, Sagi Prasad

11:10 - 11:25 Posterlar reversible encephalopathy syndrome during pregnancy
Mamilla Rao

11:25 - 11:40 Managing DVT in a pregnant patient
Ajith Abraham A K

11:40 - 11:55 Is cardiopathy of pregnancy different?
Sobhana Thirumals

11:55 - 12:10 HELP in ICU Can we help?
Sunil Pandya

12:10 - 12:20 Discussion Q/A

13:30 onwards Lunch

Day 3 • February 5, 2017 • Madhava-kara

09:30 - 10:50 Hemodynamic monitoring/ Resuscitation
Chairpersons: Maanima Rao, Ram Rajagopalan, Jacob Abraham

09:30 - 09:50 Fluid responsiveness in the critically ill
Bhita Myatra

09:50 - 10:10 Endoacardiographic Valvular status assessment
Kishore Pichamuthu

10:10 - 10:30 How to give us up too soon on steroids?
Bhima Chocko

10:30 - 10:50 Diuresis in de-resuscitation
Vandana Sethi

11:10 - 12:20 Seppis
Chairpersons: Sumit Roy, Khabar, Sunil Panja

11:10 - 11:25 What is the role of minocycline, isotropic, doxycycline nad refampcin in today’s ICUs?
Carrilla Rodrigues

11:25 - 11:40 How to deal with carbapenem resistant enteroabecedaceae
Saalih

11:40 - 11:55 Are surveillance cultures useful?
Innman Noonan慕mu

11:55 - 12:10 Decontaminating surfaces & medical equipment in the ICU
Atulij Pagde

12:10 - 12:20 Discussion Q/A

13:30 onwards Lunch

Day 3 • February 5, 2017 • Nagarjuna

09:30 - 10:50 Sadelion / Ventilation
Chairpersons: Sandeep Kamat, Nirmal Jaiswal, Jerry Paul

09:30 - 09:50 Large tidal volumes: sedate or tolerate?
Pradeep Mistry

09:50 - 10:10 The ABCDEF bundle
Yatin Mehta

10:10 - 10:30 Utility of Ketamine in ICU sedation: A rebirth?
Sudha Korali

11:10 - 12:20 Respiratory
Chairpersons: Suprinder Dhush, Yakshra Dube, Tejas Karmata

11:10 - 11:25 Abdominal compartment syndrome: Pathogenesis and management
Lalita Guin Mira

11:25 - 11:40 Should we still offer decompessive craniotomy to our patients?
Mathew Joseph

11:40 - 11:55 Treatment strategies for necrotizing fasciitis
Shrikant Gokatadwatre

11:55 - 12:10 Macromycosis: A malignant disease! How I treat it!
Saji Prasad

12:10 - 12:20 Discussion Q/A

13:30 onwards Lunch

Day 3 • February 5, 2017 • Vagbhata

09:30 - 10:50 Cardiac Critical Care
Chairpersons: Shubhar Joad, Srikant Srinivasan, Subramani

09:30 - 09:50 Hemodynamic monitoring in the era of extracorporal support
Mauricio Cecconi

09:50 - 10:10 Atros profibilation in the critical ill: Should I central rate or rhythm?
Deutarti Charkhar

10:10 - 10:30 What do the Tropion (T & I) levels tell me?
Devgit D’soops

10:30 - 10:50 Is there a role for slowing down the heart rate for sepsis?
Mohit Khanna

11:00 - 12:20 Organization
Chairpersons: Deepak Ghosh, Mathew Pulickan, Adnar Dongre

11:10 - 11:25 Does tele ICU homogenize care across ICUs?
Senthilkumar

11:25 - 11:40 Minimizing conflicts in the ICU
Pankaj Soni

11:40 - 11:55 Burn-out syndrom in the ICU
Pradeep Mistry

11:55 - 12:10 Preparing for a deadly infectious epidemic in my ICU
Lalita Guin Mira

12:10 - 12:20 Discussion Q/A

13:30 onwards Lunch

Day 3 • February 5, 2017 • Jivaka

09:30 - 10:50 Surgical emergencies in the ICU
Chairpersons: Bibhu Kalyan Das, Harjai Durna, Dipamkalan Agarwal

09:30 - 09:50 How do I manage extubation failure in ICU?
Sandeep Patel

09:50 - 10:10 Measuring transpulmonary pressure at the bedside
Kalyan K Kaura

10:10 - 10:30 Does improving oral hygiene prevent VAP?
Mohan Maharaj

10:30 - 10:50 Is there a role for slowing down the heart rate for sepsis?
Mohit Khanna

11:00 - 12:20 Guidelines-What’s new?
Chairpersons: Narendra Rungta, Sushant Bhandopadhay, Y P Singh

11:10 - 11:25 The new Surviving sepsis guidelines: Anything new?
Anirbhan Chaudhary

11:25 - 11:40 How to make the PAD (SGCM) guidelines improved outcomes?
Mohit Mahuran

11:40 - 11:55 “The care consensus on circulatory shock and hemodynamic monitoring, Task force of the ESICM”
Shyamander P

12:10 - 12:20 Discussion Q/A

13:30 onwards Lunch
