Voting Instructions
ISCCM General Election 2023

Voting members can vote from anywhere in India or abroad. For vote casted from International IP addresses, it will be presumed that the member is either residing abroad or is travelling abroad.

Use of VPN to cast a vote is not permitted from within India.

All voting members will get an Encrypted Unique Voting Link (EUVL) by email from www.SecuredVoting.com OR evote@securedvoting.awsapps.com please add this email IDs as a contact in your email address book so that it is safe to get the link delivered to your Inbox. During voting period kindly check Promotional
/ Social / Spam folders as well in case email is not delivered to Inbox.

The Mobile link will be delivered from xx-INODES (TRAI-DLT Approved Sender ID for SMS).
The Email link which has encrypted key OR mobile link can be used to vote.

Also, you can get your voting link by visiting
https://securedvoting.com/votenow?eid=9978ccm742
Please enter your registered Email / Mobile number to get the link.

The voting link will be valid only during the E-voting period that is 6th June 2022 08:00 HRS to 8th June 2022 17:00 HRS. The voting link can be used only once to vote.

Upon clicking the link, the system will take you to the OTP validation page. The validation page has a 'GET OTP' button. You need to click on it to get the OTP, enter the OTP and validate to go to the ballot page. OTP is valid for 10 minutes. If you fail to vote within 10 minutes you can click "Resend OTP" to get new OTP. In case of delay or non-delivery of OTP you can get a new OTP by clicking on "Resend OTP".

Once OTP is verified, you will be taken to the voting page where you can choose the candidates and continue to next page. If you want to change the selection you can click on "Change Selection" to go back and change.

The subsequent page will display only the selected candidates. Click on the Confirm / Submit button to cast your vote. On successful confirmation you will get email for casting the vote.

In case of network disconnection or other issues if you fail to vote, still link will be valid to vote. You may proceed to get OTP and validate and proceed further.

Once voted, the link will be invalidated, and no further changes be allowed.
