Workshop: 26th - 27th February 2020
Conference: 28th February - 1st March 2020
Venue: Hyderabad International Convention Centre, Hyderabad

Theme
Precision in Intensive Care

For Registration Details, Logon to http://criticare.isccm.org/Registration
On behalf of the Organizing Committee of CRITICARE 2020 and as a President of ISCCM, I am Happy to welcome you all for the academic feast at the vibrant Indian City, The city of Nizams, Hyderabad.

The preparation for the most awaited event CRITICARE Hyderabad 2020 is in full swing and I’m sure Dr Rajesh Mishra is not leaving any stone unturned to make it a grand show. The SC under Dr Dhruv and Dr Shriniwas has been working hard to have an excellent academic festival. Dr Dhruv is also planning to have a Post Graduate Corner in the main Scientific Program to attract more young Intensivist to learn from the Stalwarts in Intensive Care Medicine from INDIA.

The CRITICAL CARE UPDATE 2020 book topics have been handcrafted by Dr Subash Todi and the work on this is progressing. I urge all young colleagues to register and send original papers and posters to be presented in CRITICARE. Top new faces have been invited as faculty on international front and as well as the national level where new dynamic faces will be unveiled.

This year we are planning to have total 12 workshops along with 2 new workshops which we are introducing from this year. ENLS and Trauma.

ISCCM will come out with 4 books and work on it is in progress. Books on NIV, Renal Replacement Therapy, USG, & Trauma will be released during CRITICARE 2020.

I am sure the delegates will surely enjoy the academic feast and the program is designed in such a way that there is some take home message for everyone from this event.

Along with the academic feast, the committee is also working in making the Grand evenings of Presidential Dinner and Banquet Dinner memorable for you all. and to relax you all after the whole day of the Scientific Program.

See you all in Hyderabad for CRITICARE 2020.

Kindly register in large numbers for this Grand scientific feast.

Dr Subhal Dixit
President, ISCCM
Organizing Chairman, CRITICARE - 2020
Dear Respected Society Members,

Greetings from ISCCM General Secretary !

So far it has been wonderful five months for me as General Secretary of the prestigious society. We have completed two successful EC meetings. I am lucky to have extremely supportive President, excellent EC members, very cooperative and hardworking office staff.

Our focus is to make CRITICARE 2020 Hyderabad grand success and for which preparation is in full swing.

ISCCM under leadership of President Dr Subhal Dixit, is going to come up with the three practical reference manuals on NIV, USG & ECLS (including RRT & ECMO), with practical recommendations, which will be ready as we meet in CRITICARE 2020 at Hyderabad. Those who will register for the workshop will get practical reference book of respective subject free. (The registered delegates of the respective workshop will get the practical reference Book complimentary)

Under the leadership of President Dr Subhal Dixit & President Elect, Dr Dhruva Chaudhary, Society is going to have its 1ST TEXTBOOK BOOK IN CRITICAL CARE MEDICINE, which will be ready by 2021 at Ahmedabad CRITICARE.

As General Secretary, I have been endowed with the most difficult task of my life to organize CRITICARE 2020 at Hyderabad, which is a place out of my comfort zone. But I am very sure to complete this task with utmost precision with support from my colleagues and society members.

Our 1st agenda for the conference is to develop a comprehensive mobile application, which can ease out most of the teething problems. I can say, we are ready with this application and very soon you will get the link to install it. This app will be your one point solution for everything related to all the future ISCCM congress. Like for registration you have to put your membership number and all the details will be there.

Our scientific program will be ready very soon. Scientific committee is working very hard on it. We are going to have twelve (12) interactive, standardized workshops where you will get more practical insight and hands on training. 1st time Scientific Chairman Dr Dhruva Choudhary is planning to have one hall only for postgraduates as PG corner. We also intend to have one hall during congress dedicated to theme base seminars on issues like communications, data analysis, MLC, consent, interpreting studies, and many other important issues which are missed very often.

As per theme of the CRITICARE 2020, we will try to be precise for each and every aspects of the conference. I am sincerely looking forward for the blessings and support of all the members to make the congress memorable for all the attendees.

We have met the industry partners at Mumbai and rolled out our plan for Hyderabad CRITICARE 2020. Now registration is our main focus. Scientific committee is trying to roll out the most interactive and practical scientific program. There would be definitely some take home message for everyone. We are also planning a memorable gala dinner.

I would be sincerely looking for your feedback and suggestions for upcoming CRITICARE 2020.

Long live the ISCCM !!

Dr Rajesh Chandra Mishra
MBBS, MD(EDI), FNB, DEICM, FCCP, FCCM, FICP,
General Secretary, ISCCM 2019-20.

Message from
Chairman Scientific Committee

Dear Friends

Greetings!!

The scientific committee is busy in finalizing the program for CRITICARE 2020, Hyderabad keeping in sight the motto of the conference “Precision in intensive care medicine.” We for the first time have added trauma workshop besides slashing down the number of halls, in order to have crisp & dynamic program fulfilling the needs of entire spectrum of intensivists-trainee to teachers. One hall will be exclusively for the postgraduate students in critical care to learn not only essential basics in physiology, clinical evaluation, diagnostics & therapeutics but also current advances & technical skills. We also intend to have a section for innovation & research where researchers share original ideas, discoveries & inventions. We are also working on criteria for selection of faculty for the national congress with aim to have best of speakers, innovators, original researchers & teachers as a faculty. The scientific committee is simultaneously committed to give exposure to new talent to have a fresh pool of faculty.

Dr. Rajesh Mishra, our energetic, enthusiastic & proactive General secretary is working day & night to ensure flawless organization of National Conference. Therefore, I take this opportunity to invite all of you to actively participate & help in making CRITICARE 2020 a grand success.

I thank Office staff of ISCCM lead by Vimal Merchant and including Sunita, Supriya, Prajakta, Shabana, Prasanna, Ninad and Mahesh deserves special mention & appreciation for being meticulous, hardworking and epitome of professionalism.

I wish you all a Happy Dussehra & Diwali.

Yours sincerely

Dr. Dhrerva Chaudhry
